

GTaxPro

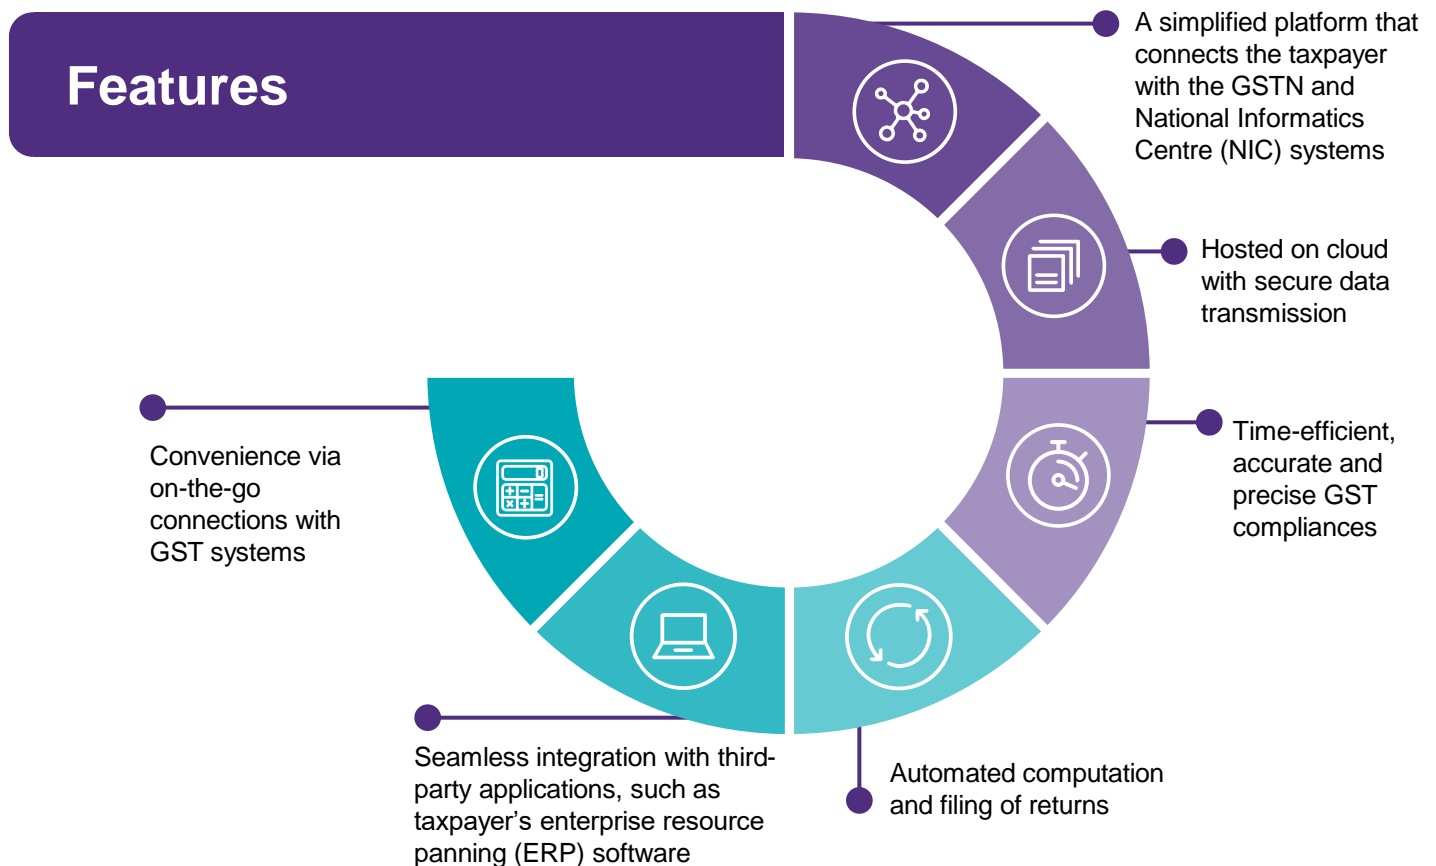

Smart solution for GST
compliances

A one-stop shop for GST compliance

Considering the plethora of challenges in Goods and Services Tax (GST) compliances, Grant Thornton Bharat has developed an integrated and robust solution tool, GTaxPro, that automates your GST requirements. Designed to help businesses meet the requirements of GST such as e-invoicing, e-way bill, GSTR-1, GSTR-3B, GSTR-2A/2B reconciliation, the tool will provide end-to-end compliance solutions

Why choose ASP+GSP offering instead of managing GST compliance manually?

Application Service Provider (ASP) is a tool designed to connect to the internal systems of taxpayers, assist in compiling and preparing GST returns and uploading the same via a GST Suidha Provider (GSP). A GSP acts as a bridge between your data and the Goods and Services Tax Network (GSTN) expectations.

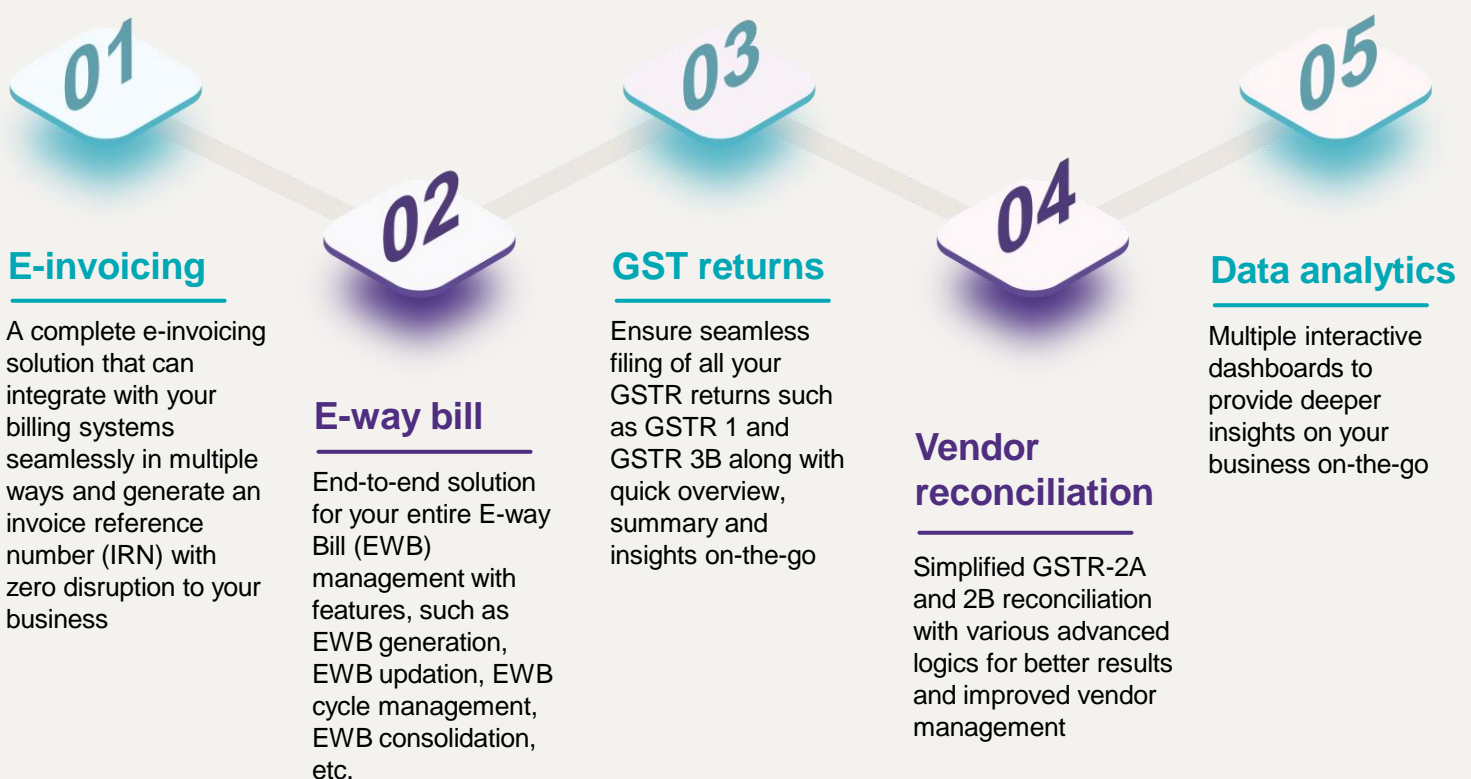

How GTaxPro works

GTaxPro is hosted on a secure cloud and is your single-point solution for GST compliance. It automates compliance through a dynamic interface and user-friendly features.

Different modules for GST compliances

Our end-to-end service offerings

Understand

- Understanding the current ERP process
- Generating invoice template
